

## PROGRAMME

### Please note

All activities are subject to change according to COVID-19 regulations.

Following protocol, we would like to bring a summary of the following important COVID-19 preventative measures to all guests' attention:

- The most effective way to prevent infection is to avoid contact with people. Always maintain a distance of approximately two metres from others.
- Guests have to wash their hands regularly with soap and water or with a hand sanitiser with an alcohol content of more than 70%.
- Wear a face mask that covers your mouth and nose when you enter any building, venue or area, such as reception, the shop, restaurant, play area and halls. This way, we protect each other.

### Resort rules

*Although we don't want to give the impression that the other resort rules are less important, we would like to highlight the following:*

- Use radios and other sound equipment in such a way that it doesn't inconvenience other people on the resort. No music may be played out of vehicles.
- Excessive noise or loud music will not be tolerated at any time. After 23:00, silence must prevail on the resort – no noise will then be tolerated.
- Anyone under the influence of alcohol who doesn't behave appropriately will be asked to leave the resort immediately.
- No drunkenness will be tolerated at any time on the resort.
- The use of hubbly bubblys is completely forbidden on the resort.
- You are not allowed to gather wood – firewood is for sale at the shop.
- The pools are not fenced. The responsibility to supervise children, babies, toddlers and older children lies with the person with whom they entered the resort. Babies have to wear a swimming diaper at all times in the pool.
- The swimming pools are only one meter deep at the deepest point. Do not dive in

without considering this.

- Only fit-for-purpose swimwear is permitted in the pools. Clothing such as shorts, underwear and active wear are not acceptable replacements.
- You are not allowed to eat, drink or smoke inside the pool – also not in the kiddies' pool.
- Feel free to enjoy a light drink or two on the lawn around the pools. Large cooler boxes and excessive drinking and noise around the pools is strictly prohibited.
- No gas or charcoal braais are allowed on the lawns around the pools.
- Pre-schoolers always have to be under adult supervision.
- The roads on the resort are public roads. Therefore, all the usual traffic rules apply. Please keep to the speed limit that applies in the resort.
- It is not allowed to drive around the resort at night on a bicycle or in a car without lights.
- Don't feed the apes – they are very dangerous. Ensure that your units' windows are always closed when you go out.
- No pets are allowed on the resort.
- Gazebo's may not be left at the pool area overnight.
- No bicycles are allowed in the public area at the pool.
- By law, smoking is prohibited in public areas. Smoking is therefore prohibited on the lawn, as well as the area at the cold and warm pools. Smoking areas are behind the volleyball court, in between the hydro spa and large hall, and at the braais.

## **Entries**

### **17 December**

Water slide challenge: Teams of two

### **18 December**

Musical cars: Teams of four

Karaoke
